

A2- je peux comprendre un extrait du journal télévisé

## “Going Green: Big corporations think environment”

<http://www.youtube.com/watch?v=BoUvHPdxzg>

### Watch the introduction:

- What are the two alternative energies mentioned?

1:..... 2:.....

- What is the major complaint about them?

☐ too expensive      ☐ too complex      ☐ too rare compared to oil

### Watch the first part:

- Why are new technologies competitive?

☐ big corporations have cut down prices  
☐ big corporations have received public money  
☐ big corporations have invested in alternative energies

- EG, for example, focuses on: ☐ wind      ☐ sun      ☐ water

### Watch the end of the video:

- What is Wal Mart?    ☐ a supermarket      ☐ a DIY center      ☐ a shopping center

- What type of lighting do they have?

.....

- What kind of information do they give on boards?

.....

- What type of produce do they promote?

.....

- What do they ask their suppliers to reduce?

.....

- How to they recycle cooking oil?

.....

- What is their goal for 2025?

.....
